Woman and Her Varied Interests

Social and Club News, Personals, Fashions, Home Hints and Other Items of Interest to the World Feminine.

SOCIETY

Miss Eleanor Vincent yesterday afternoon presented two of her pupils, Miss Thelma Thompson and Miss Jennie Murphy, in a piano recital at her home on Water street. Both of the young ladies acquitted themselves with great credit to themselves and their instructor and furnished a very pleasant afternoon's entertainment to the invited friends. Little Miss Barbara Stanfield played four pieces on the piano with remarkable ease for one so young. The following is the program as given:

Mazuka Helmund
Ballet Colridge Taylor
Memory Campbell Tipton
At Her Lattice Campbell Tipton
Serenade Campbell Tipton
Northern Song Schumann
Frightened Maiden Schumann
Miss Thelma Thompson
Group of Songs Miss Ethel Wikie
In a Strange Land Schumann
Important Events Schumann
Love Song Nevins
Miss Jennie Murphy
Love Song Nevins
Prelude Chopin
Mazurka Seans Seans
Miss Thelma Thompson

Mrs. C. S. Jerard and daughter, Miss Leura Jerard, have returned from Portland where they spent several weeks visiting with friends and relatives.

Mr. and Mrs. John F. Robinson left last evening by auto for Lone Rock on the Columbia to visit friends.

Mrs. Cyrus C. Sturgis left today for Portland to spend two weeks as the guest of her sister, Mrs. Thomas Vaughan, after which she will be joined by her husband and go on to the coast for the hot months.

Nat Kimball is in Portland where Wednesday he acted as one of the ushers at the wedding of Earl E. Cobb and Miss Ada Kendall, both of whom were college friends.

Mrs. W. M. Blakely left this morning for Fossil to spend a week with her sister there.

Mrs. Stephen A. Lowell returned home this morning on the local from Walla Walla.

Mrs. Roy Alexander has recovered from a slight illness.

News from Bingham Springs is that the dancing hall there has been repaired and will be opened this evening with the first dance of the summer season.

The Ladies' Aid Society of the M. E. church was delightfully entertained on Wednesday afternoon at the home of Mrs. A. T. Matthews, 514 Market street. A unique form of entertainment was the "Experience Meeting" in which each lady present told how she earned a dollar which she presented to the society. Guessing contests followed and at the close of the afternoon an elaborate luncheon was served. Those assisting Mrs. Matthews were Mesdames A. J. Owen, A. H. Rugg, R. O. Hawks and Miss Josie Hinderman.

Home Hints and Recipes

Pudding Points.

Grease the pudding basin well, as grease prevents the mixture from sticking to the basin. If it sticks the pudding will not turn out properly. When making a boiled pudding always be sure that the basin is filled quite full. If there is any space left water will get in and consequently the pudding will be heavy. Make sure that the pudding is kept boiling all the time. If it is allowed to go off the boil it will be heavy.

Whenever possible it is wise to steam a suet pudding instead of boiling it, as it will be lighter. Allow one hour more for this way of cooking than the time allowed for boiling.

Health and Beauty.

To apply hair tonic to the scalp use medicine dropper, as it enables you not only to gauge the amount, but apply it to the spot desired. Bermudan women are noted for their fine complexions. This is part-

ly accounted for by the fact that they eat plentifully of onions, says an exchange.

A well known woman golfer who owns a beautiful, smooth complexion attributes the preservation of her skin to her method of dissolving a little isinglass in hot milk, bathing her face in it and allowing it to dry on before she ventures out. Any feeling of contraction soon passes off and the isinglass forms an invisible coating to the skin and protects it from the ravages of the wind. Instead of isinglass, either gelatin or white of egg beaten to a froth may be employed. The latter is an excellent remedy against chapping and is in itself a cleanser.

Hanging Baskets.

When watering hanging baskets, take a small can, punching a hole in bottom just large enough for water to drip slowly. Fill and place in hanging basket drying out, as the water has a chance of slowly soaking in to the earth instead of all running off. This method, of course, refers to baskets which moss is used or which do not retain water easily.

EVANS FARMER RECALLS HISTORIC CUSTER MASSACRE

EVANS, Ind., June 26.—Thirty-eight years ago General George A. Custer and 600 of his heroic command were slaughtered by ten times their number of Sioux Indians under the terrible Sitting Bull. The event was recalled here by George H. Welch, 69, formerly an Indian fighter, now a farmer living two miles west of Evans.

"Under Captain T. B. Weir, we were ordered to the rear by Custer," said Welch. "There were three commands out to round up Sitting Bull, who had led his braves off their reservation and was causing trouble. Custer miscalculated and was tricked into an ambush that left him surrounded by 6,000 blood-hungry Indians. The terrible thing was that we could see the plight of Custer and his band, but could not even help him. After the massacre we held Sitting Bull on the banks of the Little Big Horn until reinforcements came from Fort Lincoln. Because the Indians held Custer in such reverence, they called him Big White Chief. Custer was the only member of the band who was slain that day who was not scalped or otherwise mutilated. One man who participated in the battle with Custer, alone survives. He is Curley the Crow, one of Custer's scouts.

SHERIFF ON WAY BACK WITH FISHER

MAN WANTED IN CONNECTION WITH COPPERFIELD SHOOTING CAPTURED.

BAKER, Ore., June 27.—After four days of unremitting pursuit and weary search in the wilds of the mountains in the Wallowa district, Sheriff Ed Rand last evening captured Ed Fisher wanted on a charge of shooting from ambush H. H. Stewart, the deposed mayor of Copperfield. The trail was a weary one, but Sheriff Rand, guided by Joe Ballard, refused to listen to suggestions that he turn back from the search in the wild country.

The arrest was made near Enterprise in Wallowa county. Rand came on Fisher, who was riding a horse down a trail. The fugitive offered no resistance nor would he make any comment concerning the shooting of Stewart. He denied the crime and would talk no further nor would he offer any explanation as to his flight into the almost impassable mountains. The sheriff put irons on the prisoner and took him to Enterprise, telephoning to Baker that he would return with him today.

The sheriff's provisions ran low during the trip, but just when the last food had been eaten his guide found a prospector's cabin and there they obtained food. The prospector told of having had a visitor some hours earlier, and, as his description tallied with that of Fisher, the sheriff found the trail once more hot when apparently it had grown cold.

The greater part of one night was spent in the pursuit despite the fact that the travel was dangerous every step of the way and that there was imminent peril of falling from the trail to the gorges of the Snake river. It was in this night ride that Mr. Rand believes he and his guide made up the greater part of the 20-hour start from Copperfield which Fisher had.

H. H. Stewart is improving rapidly at the hospital here and is considered out of danger.

Friends of Sheriff Rand were becoming alarmed at his long silence and plans were being formed to send out deputies to search over the trails for him, when the news of the capture was received.

T. H. and Perkins Confer.

OYSTER BAY, June 26.—Colonel Roosevelt and Geo. W. Perkins and Douglas Robinson, the colonel's brother-in-law, concluded a conference at Sagamore Hill which continued uninterrupted from late Wednesday when the colonel arrived at New York from abroad. It is considered a foregone conclusion politics was the topic of discussion.

ALDRICH'S MANSION OPEN TO POOR CHILDREN

First group of poor children being entertained.

NEW YORK, June 26.—Fifteen little folks, ranging in age from fifteen months to seven years, from the poorest families in New York, where taken by the head slum settlement workers of the Salvation Army, to the palatial home of Mrs. Richard Aldrich, No. 317 West Seventy-fourth street, where they were the guests of Mrs. Aldrich. She had turned her fine home over to the Salvation Army for three months during the summer for the past 10 years, while the Aldrich family is away. Mrs. Aldrich, who was Miss Margaret Livingston Chandler, has sailed for Europe to be gone till September. The children are taken in groups and will remain there about two weeks each.

Men Pay Homage to Mother's Friend

"I Am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

It is a happy thought to send a husband to the drug store. "Mother's Friend" is applied externally over the abdominal muscles.

It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. In this part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as a laxative of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradford Regulator Co., 308 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.

BAKER COUPLE WILL GO ON 8000 MILE WEDDING TRIP

MINING ENGINEER AND BRIDE LEAVE FOR FAR DISTANT LANDS.

BAKER, Ore., June 28.—A wedding trip of 8000 miles to their new home was started by Mr. and Mrs. W. W. McDowell. They left for Portland, and after a few days there will go to San Francisco to take a steamer to the Orient. There they will board the modern American railway train to a little single track line that will take them to the mining district of Taraccol, Corea, their new home.

The trip from San Francisco will be made in 28 days. They will be on the water 18 days, and in the foreign country will travel four days to their new home, where Mr. McDowell is a mining engineer.

He has been in Corea for five years, but before that time was at Bourne, Ore., where he met Miss Evans, a popular young society woman, who became his bride recently. When he returned for the wedding he left Corea March 22, and arrived just before the wedding. He expects to stay in Corea at least a year.

Can't Keep It Secret.

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers—Adv.

WHO, THINK YOU, RISES TO MAKE A PROTEST?

'Tis the Malignant Baggage Smasher Who Objects to Those Queer Trunks.

DETROIT, June 26.—Those funny trunks with conical protuberances, slant sides and unconventional tops have been placed on the "Don't" list as examples of the right kind of baggage not to carry by the American Association of General Baggage Agents in national convention here. The baggage smashers, for reasons of their own, propose the standardization of traveling trunks as to size, shape and general convenience in handling.

Just imagine trying to fill a car with conical trunks, trunks with slant sides and tops and trunks cut in shapes ranging from a doughnut to an inverted pretzel," says J. F. Quick, Mr. Quick—good name that—is secretary of the association.

What is wanted by the association is a limit of forty-five inches for the longest dimension of any trunk and a provision that the box must be rectangular and on the square with an excess charge for eccentricities of any sort.

SCALP TROUBLE FOR OVER TEN YEARS

Small Bunches on Scalp, Itched, Formed Scale, Hair Came Out. Cuticura Soap and Cuticura Ointment Cured in Two Months.

208 Harrison St., Elyria, Ohio.—"My case was a scalp trouble. I first noticed small bunches on my scalp which commenced to itch and I would scratch them and in time they got larger, forming a scale or scab with a little pus, and chunks of hair would come out when I would scratch them off. It caused me to lose most of my hair. I became thin and dry and lifeless. I was troubled for over ten years with it until I got so bad I was ashamed to go to a barber to get my hair cut.

"I tried everything I could get hold of, but received no cure until I commenced using Cuticura Soap and Ointment when the scale commenced to disappear. The way I used the Cuticura Soap and Ointment was to wash my scalp twice a day with warm water and Cuticura Soap and rub on the Cuticura Ointment. I received benefit in a couple of weeks and was cured in two months." (Signed) F. J. Butler, Jan. 28, 1913.

Why not have a clear skin, soft white hands, a clean scalp and good hair? It is your birthright. Cuticura Soap with an occasional use of Cuticura Ointment will bring about these coveted conditions in most cases when all else fails. Hold throughout the world. Liberal sample of each mailed free, with 8-cp. Skin Book. Address: Post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
